United States Senate

WASHINGTON, D.C. 20510

Dear Nevada Veterans, Service Members, and Family Members:

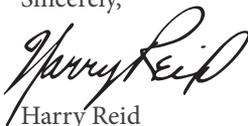

I am proud to represent the 228,027 veterans who call Nevada home, and have been fortunate to meet many of these brave men and women. When our troops return home, it is our duty to repay their service by ensuring they have access to medical care and the resources they need to transition back to civilian life.

As part of these efforts, my office has created a “Veteran Resource Guide.” I hope this guide will provide you with key information about federal, state, and community-based programs. While this guide may not answer all of your questions, it should serve as a directory for future assistance.

I have long fought to ensure that veterans receive the retirement and health care benefits that they were promised when they enlisted. I remain committed to securing funds for projects that directly benefit veterans in the Silver State. I helped secure \$600 million to build the first VA hospital in southern Nevada and worked to obtain millions of dollars for important improvements to Reno’s VA hospital. I also helped secure passage of the expansion of the G.I. Bill that provides men and women who have fought in Iraq and Afghanistan the opportunity to pursue higher education. And I worked with the USO to create a lounge inside McCarran Airport, which each year provides 55,000 members of the U.S. military who pass through a place to rest and relax.

I hope you find this guide helpful. Should you need any additional information on programs or issues covered in this guide, or if you have any problems with your government benefits, please feel free to contact one of my offices for assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Harry Reid". The signature is fluid and cursive, with the first name "Harry" and last name "Reid" clearly distinguishable.

Harry Reid
United States Senator

VA HEALTHCARE SYSTEM IN NEVADA

The U.S. Department of Veterans Affairs (VA) has divided Nevada into three VA Healthcare Systems to better serve the veteran community in Nevada. The Southern Nevada Healthcare System serves southern Nevada, while the Sierra Nevada Healthcare system serves most of northern Nevada. Northeastern Nevada, including Ely and Elko, is served by the Salt Lake City Health Care System. In 2012, the 700,000 square-foot Southern Nevada VA hospital opened its doors, providing a 90-bed hospital and 120-bed long-term care center.

EMPLOYMENT ASSISTANCE AND VOCATIONAL REHABILITATION PROGRAMS

Our Soldiers, Sailors, Airmen, and Marines fighting overseas should be focused on the job at hand, not how they will find a job when they complete their service to our nation. I believe that our commitment to our veterans does not end on the battlefield, which is why I have fought to provide transition assistance from those fighting to protect our freedom to working on growing the American economy.

Servicemembers Civil Relief Act

Veteran borrowers may be able to request relief under the *Servicemembers Civil Relief Act* (SCRA), formerly known as the *Soldiers' and Sailors' Civil Relief Act* (SSCRA). The SCRA provides service members with certain legal protections while they are on deployment orders. SCRA can provide protection from foreclosures and some contracts.

You should contact your nearest Armed Forces Legal Assistance Program office to see if the SCRA applies. Dependents of service members can also contact or visit local military legal assistance offices where they reside.

In order to have your SCRA case reviewed by the U.S. Department of Justice (DOJ), you must first seek the assistance of your military legal assistance office. If that office cannot resolve the complaint, it may choose to forward the complaint to the DOJ. The DOJ then will review the matter to determine whether DOJ action is appropriate.

Tax Exemptions

Wartime veterans and some disabled veterans are eligible for tax exemptions. Our disabled veterans who have given so much to defend our freedom should be honored and given assistance. Disabled veterans are reminded daily of the sacrifices of war and services to help in their daily struggle are essential.

Disabled Veteran Tax Exemption

The State of Nevada offers a property tax exemption to any veteran with a service-connected disability of 60% or more. The amount of the exemption can be up to \$20,000 and can be applied to a veteran's vehicle tax or personal property tax. Veteran eligibility is as follows:

- Honorable Discharge
- 60% percent service-connected disabled
- Widow or widower of a veteran who qualified for the tax exemption

To determine the actual value of this benefit or to obtain further information, please contact your local County Assessor's office (see below and on the next page for County Assessor information).

Veterans Tax Exemption

Veterans who served during wartime (including in-theater service during the Persian Gulf War, Afghanistan, and Iraqi Wars) are eligible for an annual tax exemption that may be applied to their vehicle privilege tax or real property tax. Veterans may also "donate" their exempted tax directly to the Nevada Veterans' Home Account, which will contribute the amount toward the operation of a Veterans' Home in Nevada. To obtain this exemption, take a copy of your DD-214 or discharge papers to your local County Assessor.
